**Somewhat Fair** **Very Strid**

For the members of business relationships, it is important to have a clear understanding of a team's role and how it fits into the overall organization. This is especially true in rapidly changing conditions where the team on the need for change. You can together identify ways to become more resilient with customers, team leads, and other organizations as a team, and your vision of success. Then use your current top priority business goals to practice new behaviors for conflict, decision-making and communication. This link to return to the [online course](#) "Agile Leadership."
